

Approach to frailty in the elderly in primary care and the community

Chen CY, Gan P, How CH

Singapore Med J 2018; 59(5): 240-245; <https://doi.org/10.11622/smedj.2018052>

On Page 244 (Appendix), in the table rows under Resistance and Ambulation, the word 'able' should have been 'unable'. Hence, the questions should read 'Are you unable to climb one flight of stairs?' and 'Are you unable to walk one block?', respectively.
