

The Singapore Medical Journal Reviewer Recognition Awards 2021

The successful publication of a peer-reviewed journal requires substantial contribution of time and effort by numerous reviewers. I am pleased to specially highlight a group of individuals who will now receive well-deserved credit for the high quality of their timely, detailed and scholarly reviews, i.e. the recipients of the 2021 SMJ Reviewer Recognition Awards. Each award recipient will receive a Certificate of Reviewing with Distinction and a letter of congratulations, underscoring the importance of reviewing as an academic and professional activity. Our dedicated Editorial Board members are already recognised each month on the SMJ masthead, and are thus not eligible for this award.
